

CELEBRATING INTERNATIONAL WOMEN'S DAY IN ASIA

Championing and Celebrating the contribution of women in the gaming industry
7 March 2025

We are proud to put forward our nomination for **Best Individual CSR initiative** for our proactive, purpose-driven approach to advancing diversity, equity and inclusion for our industry across Asia. Our International Women's Day celebration was more than a celebration of the unique women and male allies that contribute to our flourishing industry, but it was a power platform to elevate women's voices, foster conversations and drive tangible action across our business and communities. This event reflected our continued commitment to fostering a diverse, inclusive and welcoming environment where everyone is welcome! Please take an opportunity to watch the video below and see our LinkedIn post which we proudly shared with all our followers.

EVENT OVERVIEW:

On March 7, 2025, we were proud to host our International Women’s Day (IWD) event in Manila with resounding success, drawing over 170 attendees from across the Philippine gaming industry, including representatives from PAGCOR, RGB teams, and major integrated resorts.

The event kicked off with a keynote by Wilma Eisma, PAGCOR’s president and COO, on redefining leadership through collaboration, empathy, and inclusivity, while advocating for innovation beyond technology and breaking biases. This was followed by a panel discussion with Aristocrat’s Kimmi Siu Dewar, Daniel Milrad, and key industry guests, exploring gender equality initiatives and the role of innovation in empowering women.

A fireside chat with our very own Lloyd Robson and Benjamin Romualdez, president of ANZCHAM Philippines, offered insights on the evolving role of leaders in championing DEI and the future of diversity in Asian markets.

We are very proud of our Aristocrat Asia team for leading this important conversation and reinforcing our commitment to Diversity, Equity, and Inclusion (DEI). Events like these highlight our leadership and dedication to a more inclusive future.

As Aristocrat Gaming continues to champion diversity and inclusion, the company remains dedicated to building a sustainable and inclusive future for the gaming industry in Asia and beyond. For more information on the Aristocrat Gaming’s and the Aristocrat Group’s sustainability efforts including our progress across DEI, responsible gaming efforts, and more, visit: [aristocrat.com/sustainability](https://www.aristocrat.com/sustainability).
