

GAMEWORKZ

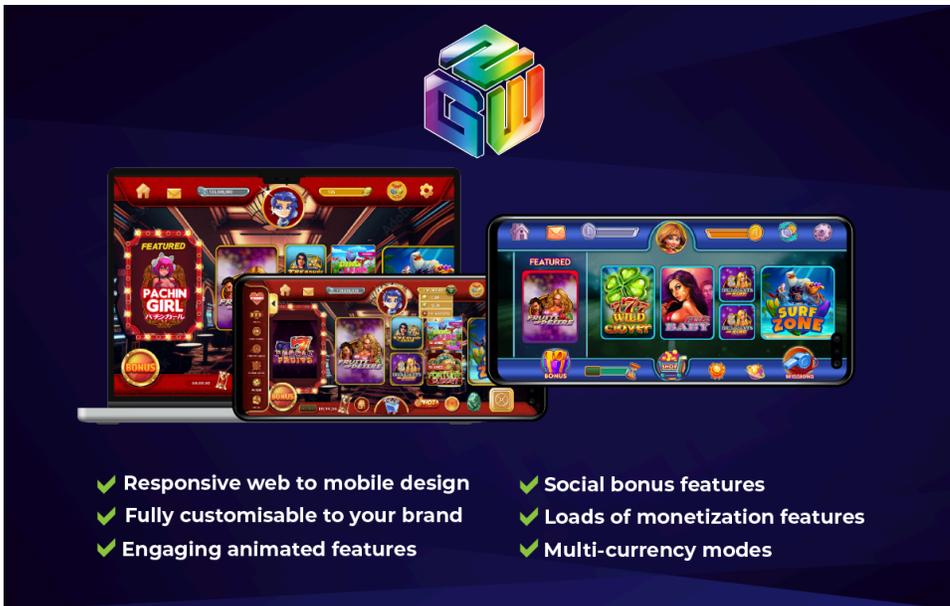

Social Gaming Without Limits

Official Nominee – Best Supplier Innovation 2025

GameWorkz proudly stands as the first self-hosted, turnkey social gaming solution tailored for Integrated Resorts and regulated operators. By empowering operators with complete control over their platform, brand, and player data, GameWorkz paves an innovative, compliance-friendly route to digital engagement and exciting new revenue opportunities. Let's embrace the future of gaming together!

Why It Matters

- Engage new digital audiences without the risks of real-money gambling.
- Create new revenue streams through virtual currency, loyalty, and in-app purchases.
- Strengthen brand loyalty with a fully branded Virtual Hub and Rewards ecosystem.
- Own the data, own the players – operators retain 100% control of customer relationships

The image displays the GameWorkz logo at the top center, a stylized 'GW' in a 3D, multi-colored font. Below the logo are three screenshots of the social gaming platform interface. The largest screenshot is a desktop view showing a 'FEATURED' section with 'PACHIN GIRL' and 'SUNRISE ZONE' games. To its right is a tablet view showing a similar interface with 'WILD CHEVY' and 'BABY' games. Below the screenshots is a list of features, each preceded by a green checkmark.

Innovation in Action

Core Innovations

- **All-in-One Virtual Hub** – A dynamic, brandable environment for social games, events, and community engagement.
- **Integrated Loyalty & Rewards** – Customisable tiers, achievements, and cross-platform redemption.
- **Advanced Back-Office** – PAM tools, Real-time analytics, CRM, player management, and marketing tools.
- **Fast Deployment** – Tailored setup and go-live within 60–90 days.

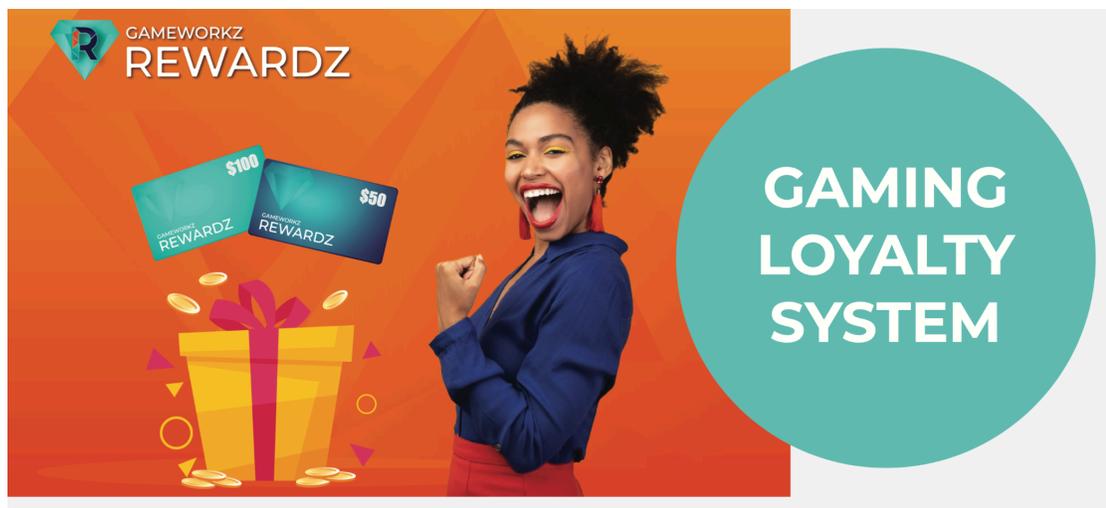

Proven Impact

- Early adopters report retention rates up to 2.5x higher with integrated loyalty.
- Social-first players convert to on-property visits and spend, creating new non-gaming revenue streams.
- Operators benefit from independent, scalable technology – no dependency on provider-controlled systems.
