

The Londoner Macao, SCL's largest integrated Resort on the Cotai Strip, evokes the excitement and charm of the Victorian era. Bringing together the very best of this iconic city, from spectacular recreations of world-famous landmarks to uniquely London-inspired public spaces, accommodation, restaurants, retail and entertainment, The Londoner Macao is a celebration of timeless British design. The experience begins with the exterior facade, modelled on the iconic Palace of Westminster and Houses of Parliament, complete with the 96-metre Elizabeth Tower and spectacular clock face.

The gaming space that greets guests upon passage entering The Londoner Macao is nothing short of spectacular. The Londoner Macao's gaming areas currently occupy approximately 400,000 square feet of gaming space and supporting areas with two main casinos: the Londoner Casino and the Londoner Grand Casino. The two spacious and elegant casinos are equipped with a total of 522 table games and 1,281 slot machines and similar electronic devices, including exclusive areas and rooms designed for VIP premium players.

Drawing inspiration from the classical architecture of timeless London hotels and 1930s British Art Deco design, The Londoner casino feels more like the spacious, opulent drawing room of a modern British estate. Light and airy, with crisp, classic architectural lines, the casino's grand scale and elegance give it a noble feel yet with a vibrant energy and sense of fun. The iconic London black and white checkerboard marble flooring leads guests to the heart of the casino space, where they are surrounded by opulence; fluted black marble, antique mirrored columns and delicate crystal archways. The stunning metal work ceiling, with its strong geometric forms and intricate, dramatic crystal and brass chandeliers add a true sense of glamour adding excitement and energy to the gaming space.

The gaming floor at the Londoner Grand Casino is an ode to London's iconic West End theatres. Renowned for a synergy and tension between the traditional and unexpected, the design story features a gaming space rich in color, layered in detail and contemporary in approach. Refined interior architecture creates the backdrop for show stopping moments, brightly colored and playful pop art injects drama and liveliness enhancing the gaming floor's energy and vibrancy, synonymous with London's West End.

The Londoner gaming experience introduces guests to a new generation of excitement and pleasure. It offers the wide variety of table games and slots, including the luxurious High Limit and APEX Slots salon with world-class quality and professionalism. The gaming area offerings blend seamlessly with other key hospitality features in the resort, resulting in a best in class Integrated Resort with world class offerings in accommodation, restaurants, retail and entertainment.
